About Me

A self-motivated and resourceful professional with a keen ability to think critically and solve problems efficiently. Possesses strong interpersonal and leadership skills, with a drive for continuous improvement. Passionate about making a difference through innovation and dedication.

PROJECTS

- **YumYoo** - Designed an intuitive and engaging UI/UX for Yumyoo, a modern food delivery app focused on user convenience and visual appeal.
- Incorporated real-time order tracking, visually rich menu layouts, and category-based food filters to enhance user experience.
- **UDEMY Clone**-Built a clean and responsive UDEMY Clone using HTML and CSS for a smooth learning platform experience.
- **Event Management System Website**-Developed a dynamic Event Management System Website to streamline event creation, registration, and tracking.
- Ensured responsive design and smooth navigation for both organizers and participants.
