EDUCATION

PANIMALAR ENGINEERING COLLEGE

B.Tech : AI&DS (CGPA : 8.588)

Chennai

October 2022- 2026

PROJECT

Speech Summarizer

Technologies: Python, Natural Language Processing, Speech-to-Text APIs

- Developed an end-to-end data pipeline that converts audio inputs into concise summaries using NLP and ranking algorithms.
- Automated unstructured data processing, reducing manual effort and improving information retrieval speed.

Road Sign Detection

Technologies: Python, Machine Learning, OpenCV, Power BI

- Built a supervised ML model to detect and classify road signs from images and video streams.
- Implemented data preprocessing, feature extraction, and real-time visualization using Power BI.

NEUYU – Mind and Body Oasis

Technologies: Python, AI, AR/VR, Unity3D, Body Tracking

- Designed a real-time data collection and processing system for body movement tracking in immersive AR/VR environments.
- Integrated AI modules to generate user-specific insights, supporting personalized analytics in health tech.

CERTIFICATIONS

- Artificial Intelligence Fundamentals – IBM
- Introduction to Data Science – Infosys Springboard
- Generative AI – Oracle
- Basics of Machine Learning – Great Learning
- Python Basics – Accenture (FutureSkills Prime)
- Python Project Bootcamp – LetsUpgrade
- Build Your Own Speech Summarizer – OpenWeaver (FutureSkills Prime)
- Introduction to Generative AI – Google Cloud
- Getting Started with Enterprise AI – IBM

EXPERIENCE

- **Artificial Intelligence and Cloud Intern** Jul 2024 – Aug 2024
Edunet Foundation (IBM Sponsored)
Worked on real-world cloud and AI projects, focusing on scalable data processing and deployment, gaining exposure to enterprise-level data workflows.
- **Product Developer Intern** June 2024 – Aug 2024
Wizardlenz XR Studio
Assisted in developing AR/VR-based interactive solutions for toddlers and young children. Contributed to product design, prototyping, and user experience enhancements.

SKILLS

- | | |
|--------------------|-----------|
| • Python | • Unity |
| • Machine Learning | • Blender |
| • C# | • Java |
| • VR | • AR |
